Product ID: HCOSPU(N) - Sapphire Point of Use Cooler

Sapphire Point of Use Cooler

The Sapphire Point of Use Water Cooler offers a very low cost yet high performance alternative to rented bottled water units. A direct water connection is made to the normal mains cold water supply and a high quality UK made activated carbon filter removes chlorine and other trace chemicals, resulting in an almost unlimited supply of refreshing chilled water. The unit is also capable of supplying a small quantities of near boiling water for hot beverages.

The only ongoing costs are the need to replace the filter every six months or so. All parts necessary for installations are included.

Technical Data:

Total Rated Input - 612W

Rated Input: Heating - 500W

Rated Input: Cooling - 112W

Heating Capacity - ≥ 90 degrees C 5L/H
