Available in mixed packs to enable you to enjoy an assortment of perfumes or if you have a tried and tested favourite you can opt for a full case of the same scent. Each refill canister dispenses...

Air Freshener Dispensers & Refills

A wide selection of wall mounted and automatic air freshening dispensers and refills suitable for washrooms, offices, hotels and retail. NEW FOR AUTUMN 2010 - NEUTRALLE MICROBURST DUET starter pack includes: 1 dispenser, 1 duet refill pack and 2 batteries - lasts up to 6 months.

Air Steril Infection & Odour Control

The Air Steril product range has been specially developed to fit a wide range of applications from small bedrooms, offices and washrooms to large lounges and sports halls.

Quite simply, an Air Steril unit takes in bad air at one end, purifies it and releases infection free, fresh air at the other end.

Air Purification

Airfree is probably the only air purifier independently tested and proven efficient in eliminating microorganisms, which offers copy of several independent tests in many countries assuring its efficiency.

No maintenance required. Airfree can dramatically improve indoor air quality and living conditions by drastically...

Large Space Fragrance Systems

Omniscient fragrance delivery system is unique in its ability to provide continuous and consistent fragrance delivery to large interior spaces, whilst providing total user control of output and intensity, creating a positive user experience in areas such as gyms, reception areas and hotels.

None Aerosol Fragrance Units

The world's first continuous odor control system is one of the latest innovations by Technical Concepts. Utilizing a patented fluid delivery system, the TCell™ delivers a precise dose of pure designer fragrance and odour neutralizer for 60 days without the use of batteries.

Hand Held Air Freshener Sprays

Glade, Airoma and Powerfresh are a selection of our hand held air freshener sprays. These can be carried around by the cleaning staff and used to compliment a clean room.

Ozone Units

In nature ozone is produced by the action of high energy discharges in lightening on oxygen in the atmosphere. Ozone recreates this natural process. The ozone produced destroys harmful microorganisms with which it comes into contact.

Batteries

When using Procell heavy duty batteries in the automatic air freshener dispensers they will last up to 3 years. The dispensers spray out on average every 12 minutes and do not have a fan that is running continuously,
